

ACADEMIC FACULTY ACCREDITATION
Accreditation of Academic Staff: Policy and Procedures
Accreditation of Academic Staff: APPLICATION FORM
Curriculum Vitae pro forma for new lecturers

NOTE

This section deals with the College **accreditation** required by a person before he or she is permitted to teach in a particular mode, an area, a course or a coursework unit.

This is a separate question from **classification**. Once accredited, a full-time or permanent part-time lecturer is classified by the College as an associate lecturer (A), a lecturer (B), a senior lecturer (C), an associate professor (D) or a full professor (E). For the classification policy and procedures see below under 'Academic Faculty Classification'.
